Dear Folks

How's things coming along back home? This week we really have been making. Have gone a ten mile hike all ready this week.

All the fellows shipped out 3 hours before we arrived back. Don't know where they went. We expect to get shipped out some time this week end.

I sure did have a great time while at home. I got a seat on the bus at North Platte. We had seat on the train all so. We really went for those Brownies + sandwich of the Girls. They really were great.

Has Mel Stella been home

on furlough. I'll expect one any day & bet he take in a World Series Game at New York. The Yanks are a lead right now but the Series is young.

Went to Dalit Co tonight It is not Black Out like Boston. It is a very nice city. There is going to be a football game between Ray & Duke this Saturday. Might be able to see it.

I am on guard mount tomorrow night. Will be on for 4 hours. Don't get good hours because it really cold around midnight.

Don't forget to Write.

Love Dad
